

**Dasha**, the Inventor of the first Digital Weld Cleaner, proudly introduces the next generation of **Weld-Cleaners**. **CleanTIG** is the result of 10 years of experience, Research & Development to create the most powerful weld-cleaner in the world.

Compact, portable and industry rugged **TekTig** cleans all your weld types, TIG, STICK and MIG. The new **HTC-300** weld-cleaners are fully electronic they clean, polish, downplate and electro-polish, all in one-product.

The **HTC-300** series is now the benchmark in the industry and have rapidly gained the highest reputation. With its unique ability to Electro-Polish on site, **TekTig** allows many users throughout the world to repair, restore and improve the finish of steel, brass and stainless steel structures, balustrades and many architectural components. No other weld-cleaners can clean and polish MIG welds with the speed and ease of **TekTig**.

No more Tea-Staining and rusty appearances in stainless steel. No more pickling and toxic chemicals, that are costly to treat and environmentally hazardous. Reduce wasteful abrasives that force to relinish the whole product. **TekTig** saves you time.

**TekTig** is fast, clean, simple and safe to use. Clean your welds with a single pass of the brush. Three distinct power settings allow precise control of the cleaning & polishing process.

Increase your business capacity with **TekTig**, the **HTC-300** series is ready to deliver the power to outperform expensive and inefficient weld-cleaners by as much as 250%. Try one today. **TekTig** saves you time, money and effort.

### HTC-300 Technical Data

Mains Power Input:	<b>110VAC/60Hz or 240VAC/50Hz</b>
LED Indicators:	<b>Power ON/OFF, Over-Current</b>
Output Range:	<b>Low, Medium, High Level</b>
Output Mode:	<b>Clean, Restore, Electro-polish &amp; Electro-plate</b>
Duty Cycle:	<b>100%</b>
Dimensions:	<b>230mm (9") x 150mm (5.9") x 350mm (13.8")</b>
Weight:	<b>6.5kg (14.4lbs)</b>

### Range of Balbun Technology Weld Cleaners

Model	Clean	Polish	Electro-Polish	Electro-Plating	Remarks
HTC-200	✓	✓	✗	✗	Second Generation. Economical and Compact
HTC-300	✓	✓	✓	✓	First Generation Fully Electronic, Packed with all Features
